Synopsis Books:

Except for the fact that he's been chased out of this corner of the galaxy by demons he helped to create, comic book artist Danny Ramirez is a lot like you and me. Unfortunately, Danny soon finds that his new home is under attack by the same forces besieging Earth. A dark spirit of unimaginable powers is leading an army north to enslave the last free peoples of the Ninelands. Someone is going to have to act like a hero, and maybe it's Danny himself--even if it means picking up a sword. And saying so long to a dream.
