## Synopsis Books:

THE BAY is a beautiful and peaceful town on the Australian east coast; a melting pot of city escapees, alternative lifestylers, feral dropouts, lost souls, backpackers, and men and women in search of love and a new sense of identity.

WHEN Sydney corporate wife Holly Jamieson turns forty-five she shocks her husband by buying an old house in The Bay with plans to transform it into a charming B & B. What began as a gesture of independence changes her life. Holly soon discovers that beneath its tranquil surface, The bay is a whirlpool of passions and conflict. It was once a whaling town, then a sleepy resort that became trendy, and now developers are moving in for the kill. Holly, her family, and an unusual band of new friends are in the battle lines - and not always on the same side.

THIS is a story of contemporary issues, but the ghosts of the past haven't left town. THE BAY captures the atmosphere of a unique place and its people so you can feel that you are there.

THE BAY is a place to change your life.
