Synopsis Books:

Seduce and Beautiful Rose, two novels now available in one set. It's time you meet Jack Falcon.

Seduce

Twenty-five year old Jack Falcon doesnt do relationships, and why would he when he has woman after woman literally throwing themselves at him? For Jack, life is perfect just the way it is. He works hard and he plays harder.

Jacks life changes when he meets Belle. Unlike any woman hes ever met, there is something about this girl that makes him unable to keep away, something beyond the youthful beauty and her innocent spirit. Belle is strong and independent, a big leap from the usual brainless chicks he tends to attract.

Jack begins a dangerous game. He is determined to seduce Belle, and without realizing it, his feelings for her develop beyond anything he has ever felt before. Things become complicated when he learns there are good reasons as to why he should stay the hell away from her.

How can you stay away from someone you want to spend every waking minute with? And what do you do when you know eventually you will destroy that person?

As their feelings for each other deepen, Jack struggles with his own internal demons which threaten to rip them apart. Jack is torn between following his heart and listening to his head, which keeps telling him he is not good enough for her. She deserves better than what he can give her.

How far will he push before they both fall over the edge?

Beautiful Rose

Jack Falcon is a new man. Three years after he left his life behind in London, Jack finally feels settled. Hes surrounded with everything that is important to him; a great relationship with his brother, Alex, a bar he is about to re-open, and most importantly, he has control of his life and his dreams. He knows he cant undo the wrongs of his past, but he sure as hell can determine his future. He has worked hard to move forward and nothing is going to undo that.

Until he meets Rose.

Rose Wilson has never felt normal. Since she was a child, Rose has felt nothing but the overwhelming desire to end her life and she has no idea why. We live to die, so whats the point in living? Rose has pushed the limits in the past, and pushed people away. She cant figure out why Jack and Alex are so insistent on helping her. Twelve years of therapy has failed to help her, so why should they be any different?

Jack sees just how beautiful and important Rose is, but convincing her of that means putting his heart on the line, something he isnt sure he can do. He cant deny his feeling for Rose, but that doesnt mean he has to act on them. And Jack isnt the only one developing feelings for Rose.

Before Rose, Jack vowed he would never let himself fall in love again.

Before Rose, he had control.

But sometimes, its losing control that makes you really see whats really important in your life.
