## Synopsis Books:

### Come Home to Evil

Blackwood was Wendy Markham's too-well-remembered upstate home town. A town of suspicions, squabbles, hatred and fear. A town, she recalled, that had even cast out poor Katy Campbell as a witch and forced her to live in a deserted church... Yet Wendy went home again, called for by her family -- into a nightmare more terrifying than her blackest memories. For she finds a weird witchcult has taken over Blackwood. But is Katy Campbell really its leader? Wendy doubts this, but the grave words of a mysterious Dr. Nine increases her dread. SOMEONE is trying to kill her. Can it be either, both...or Todd Raymond, the one man she is forced to trust? At the bizarre church, horror closes in on Wendy when, tracked by a faceless killer, she knows she has no place to hide!
