## Synopsis Books:

*When a new enemy threatens her home, Rivens only hope may be the man who made her a monster.*

Riven has fought for a hard-won peace in her world, and has come to shaky terms with who and what she is a human with cyborg DNA. Now that the rightful ruler of Neospes has been reinstated, Riven is on the hunt for her father in the Otherworld to bring him to justice for his crimes against her people.

But when she receives an unwelcome visit from two former allies, she knows that trouble is brewing once again in Neospes. The army has been decimated and there are precious few left to fight this mysterious new threat.

To muster a first line of defense, her people need help from the one person Riven loathes most: her father. But what he wants in return is her complete surrender.

And now Riven must choose: save Neospes or save herself.

This exciting sequel to *The Almost Girl* combines science, action, and romance in a compelling, hard-to-put-down package.
