Synopsis Books:

Each of Carlos Castaneda's books is a tantalizing burst of illumination into the depths of our deepest mysteries, like a sudden flash of light, like a burst of lightning over the desert at night, which shows us a world that is both alien & totally familiar--the landscape of our dreams. Fire from Within is the author's most brilliant thought-provoking & unusual book, one in which Castaneda, under the tutelage of don Juan & his disciples, at last constructs, from the teachings of don Juan & his own experiences, a stunning portrait of the "sorcerer's world" that is crystal-clear & dizzying in its implications.
