*When loyalty meets ambition and power meets passion, and the prize is an empire ...*

The emperor is dead and the last heir is a child, unable to exercise the power of his throne. Left without a ruler, the Empire's most powerful men struggle for control. Their long fight will spread from the halls of government to all the Empire, and its arena will be their own hearts and families. As the Empire divides against itself, everyone must choose who and what to be loyal to. Lines will grow hard and choices become clear, and the truth of who they are and what they fight for will be revealed.

*The Last Heir* is a story of intrigue, of politics and war, with moving scenes and vivid characters.
