## Synopsis Books:

*Its too late, he said.*

*What do you mean? Kale asked, clutching her shawl tightly around her shoulders.*

*Its too late, he repeated simply. Theyve come.*

That was when Kales world collapsed. Caught up in treason and murder, she doesnt know whether to trust the person who dragged her into this in the first place, or the people hunting them both.

And there is someone stirring in the shadows, someone who has watched at a distance for years. The forces are moving, but into whose favour?

It seems like everyone demands Kales capture. Why? There is only one who knows.
