Synopsis Books:

The Purple Tigers is a heart-wrenching, yet uncannily humorous, story that transforms the reader into the world of Carla B. Ware and her mentor, Eddie Jenkins. Carla is a precocious sixteen-year-old basketball player. Her dream is to make it into the WNBA and escape the poverty that has gripped her and her mother's lives.

When tragedy befalls, Carla must decide whether to continue playing basketball or to continue nursing her grievous pain with the balm that has become her dark secret.

The story asks and answers: Do you know who is mentoring your child?
