Synopsis Books:

Suffering from writers block, novelist Rachel Ames escapes to a lake cabin to calm her mind and regain a sense of herself. The location is perfect. Isolated. Beautiful. Inspiring. It even comes with a good-looking landlord who shows an interest in her. But she cant shake the sense that something terrible has followed her to the lake, something just beyond her consciousness, something out on the edge where the sounds of a raging fire and sirens linger whenever she slows down to listen. Determined to make the cabin work, she tries to settle in and give her new life a chance. But when strange things begin to happen around her, she wonders if shes made a terrible mistake. As the darkness thats followed her manifests itself in inexplicable ways, her concept of reality is stretched thin and she realizes nothing at the lake is what it seems. As she fights to survive with her sanity intact, she understands too late that the location shes chosen for herself is far from perfect.
