Synopsis Books:

For the duration of her freshman year, Darcy Pennington agonized over the fate of her dear friend, the nark Yahto Veli, who sacrificed himself to the Oracle to set her free. As her third trip to camp, and to the magical land, approaches, Darcy wonders if shes capable of the daring rescue she wants to embark upon, but soon realizes theres much more at stake.

Her return to Cedar Cove Family Camp is marked by a mysterious disappearance, and in Alitheia a new message from the Oracle adds to the riddles that must be deciphered if they are to expel the dark evil that hovers over the land. The six friends and the alchemist Rubidius plan a sea journey that will take them beyond the borders of Alitheia, and into the realm of a legendary archipelago. Tellius winds up joining them as well and the foes they meet along the way are both deceptive and charming, while the Oracles riddles seem to dog them at every turn.

Darcy is also hiding a secret from her best friend Sam that could test their friendship beyond the breaking point, and theres an unexpected development in her relationship with Tellius that changes everything and makes her understand that the deepest scars sometimes cannot be seen.

Darcy isnt sure if shes prepared for another meeting with the Oracle, but if she wants to have any chance of saving her friend, she must try. To complicate matters, the evil they left behind in Alitheia has not remained dormant.
