Synopsis Books:

Two Shades of Seduction is a Box Set of two steamy full-length stories featuring two men skilled in the ways of seduction and two older heroines strong enough to resist them.

Book 1: Loves Revenge

All her life, Sophie's tried to earn her father's love to no avail. Firmly on the shelf at forty-one. Sophie accepts her fate until she impulsively uses her father's criminal activities to escape a life of servitude and right a wrong at the same time. But she never expected the Devil of Devlyn to accept her rash proposal, and she certainly hadn't planned on falling in love with a younger man.

When Sophie Hamilton, the eldest daughter of his worst enemy shows up on the Earl of Devlyn's doorstep with an unexpected offer, Devlyn seizes the chance for vengeance. What he doesn't bargain on is how revenge could cost him the one thing he wants the most. Sophie's love.

Book 2: Loves Portrait

When Julia Westgard commissions a nude portrait of herself, the painting is much more than a rebellious act. It's an attempt to regain her self-worth after years of a loveless, repressive marriage to her late husband. But the private portrait puts her directly in the path of Morgan St. Claire. A man who doesn't take no for an answer.

From the first moment Morgan sees Julia's portrait, he's determined to have her. But the woman he meets is a far cry from the image on canvas. What starts out as a simple exercise in seduction quickly evolves into a quest to reveal the true Julia. With each sensual encounter, he employs every weapon at his disposal in hopes of making Julia see she really is the woman in Love's Portrait.
