Synopsis Books:

Revolutionary Prose on Faith, Folk and Philosophy by Dr. Casper Odinson Crowell

Excerpt from EK Einherjar by Richard Scutari:

That is one of the great things about the religion of our ancestors; it speaks to each of us in a slightly different way. Be that as it may, when I started reading Dr. Casper Odinson Crwells writings, I found much of what he wrote that spoke to me. The book you now hold in your hands is a compilation of Dr. Crwells writings. As you read his words, do not be surprised if you feel something stirring within you. What you are feeling is the call of our ancient Gods who live within our Blood. Heed this call. This is a step towards connection with the collective unconscious of our People, our Folk Soul. True spirituality is nothing more than making this connection with our Folk Soul. May Dr. Crwells writings speak to you as they have to me, and may this book begin you on the path that restores you to the Myth of the Blood.
