Everyone thinks Rone knows a lot more than he does, but he has no idea whats in the messages hes carrying he cant read. All he can fish up are rumors of a fake princess, who might be out to defraud the royal family, or who might have been planted by the king himself to dupe a visiting prince. Either way, Rone suspects hes being set up to take the blame. And being pursued by a vampire called Shark, a couple of elf thugs, and an undercover city guard doesnt help his odds of coming out alive.

If he can figure out whats really going on, he might be able to buy his way out of the whole mess. If he cant, he and Robin are both sunk.
