## Synopsis Books:

Seven Brides, Seven Brothers series

Seven boys adopted from the foster care system by Alec and Maggie Donahue, a loving Irish couple living in Breeze Point, Cape Cod. Now grown men, the brothers are making their way in the world in their chosen professions, each hoping to find a love to last a lifetime. Faith. Family. Honor. And an abundance of love.

The Quiet One: The last single Donahue brother, Mac Donahue, is quiet and reserved. His brawny physique hides a kind heart and a wounded soul. Haunted by the tragic disappearance of his sister and scarred by childhood abuse, Mac has done his best to survive and thrive, in large part due to his adoptive family, the Donahues. A woodworker with a new business in Breeze Point called Woodworks, Mac is determined to move ahead with finding his sister, Callie, and discovering what happened to her all those years ago. Tired of being the object of matchmaking by his family members, Mac is stunned when he develops a bond with Delilah Dalton, the beautiful sister of his own sister-in-law, Sarah. When love blossoms between them, can they both put away the hurts of the past in order to forge a new future?

Delilah Dalton is a social worker who finds fulfillment in her profession. Jaded by numerous romantic relationships that have crashed and burned, Delilah has steered clear of love. When she connects with Mac Donahue over his missing sister, she finds a warm, tender-hearted man who has every reason to be bitter yet exudes positivity. As the two begin a relationship and pursue leads to the whereabouts of Mac's sister, they find a special kinship in each other. Can Delilah put away her doubts long enough to accept Mac's open arms?
