Synopsis Books:

"Chilling . . . A neo-gothic treat; original, richly imagined, and powerfully told." --*The Guardian* (UK) for *The String Diaries*

See the girl. Leah Wilde is twenty-four, a runaway on a black motorbike, hunting for answers while changing her identity with each new Central European town.

See the man, having come of age in extraordinary suffering and tragedy in nineteenth-century Budapest; witness to horror, to love, to death, and the wrath of a true monster. Izsk still lives in the present day, impossibly middle-aged. He's driven not only to hunt this immortal evil but to find his daughter, stolen from an Arctic cabin and grown into the thing Izsk has sworn to kill.

See the monster, a beautiful, seemingly young woman who stalks the American West, seeking the young and the strong to feed upon, desperate to return to Europe where her coven calls.

Written in the Blood is the epic thriller of the year, a blazing and dexterous saga spanning generations, and threading the lives of five individuals driven by love, by sacrifice, by hunger and by fear. They seek to save a race--or to extinguish it forever.
